The Senior Class is Honored to Dedicate this Yearbook to Mr. Quinlan . . .

A teacher who is a friend.

A teacher who has taught us values.

A teacher who is noted for his sense of humor.

A teacher who is very knowledgeable and resourceful.

A teacher who shows us respect and instills in us self-respect.

A teacher who has spent hours in extracurricular activities for us.

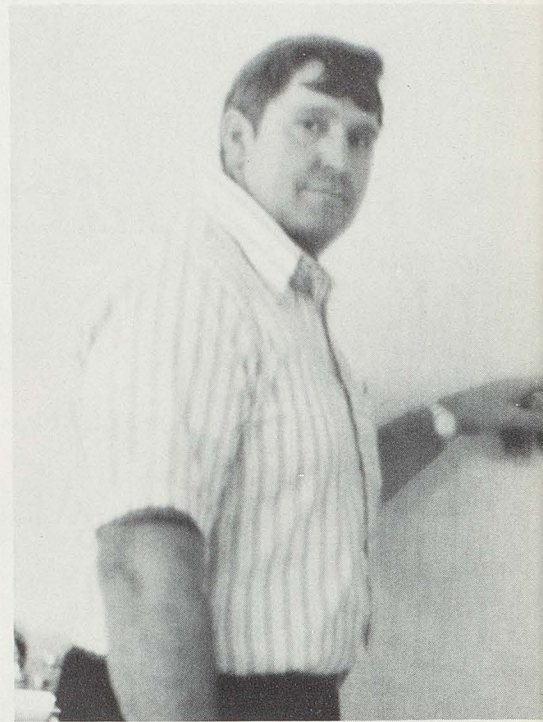

A teacher who has taught us to grasp every opportunity to learn and undertake our responsibilities with pride and perseverance.

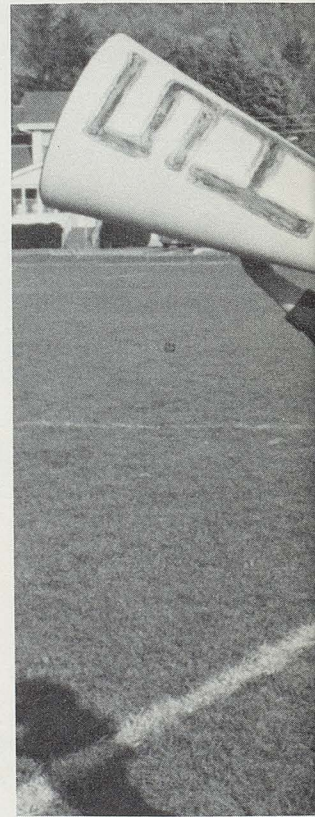

A teacher who is the moving Spirit of the Senior Class.

The Policy

SEATED: Rev. Bradley Lines, President STANDING: John Pryor, Antonia Connors, George Prete, Ralph Schnell

The Hornell City School Board is charged by law with the responsibility of providing an education for children from kindergarten through twelfth grade. The five people who serve without pay are elected by all eligible citizens of the school district.

What does the school board do?

- Establishes policy
- Provide buildings
- Provides transportation
- Provides extra-curricular activities

Why all the bother? So that each young man and woman who lives in the Hornell area can have access to a full well rounded education as he or she prepares for life.

Rev. Bradley Lines, President

SEATED: Harold Paul, Superintendent of Schools STANDING: Gerald Walker, Assistant Superintendent of Schools

In honor of Francis "Dye" Hogan we reserve this portion of the yearbook.

A firm believer in sports, an athlete himself, he advocated the wide ranging sports program which is part of the curricula at the Hornell schools.

A family man, a former mayor of our city, a teacher, a man of vision and determination, a friend. These traits and others unnamed endeared Mr. Hogan to us.

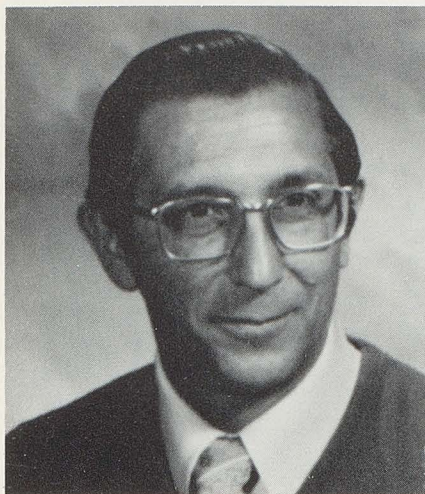

We shall hold his memory precious.

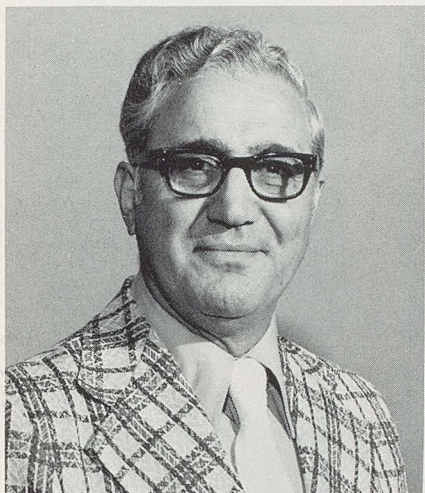

Francis Hogan

It's the Principal

of the Thing

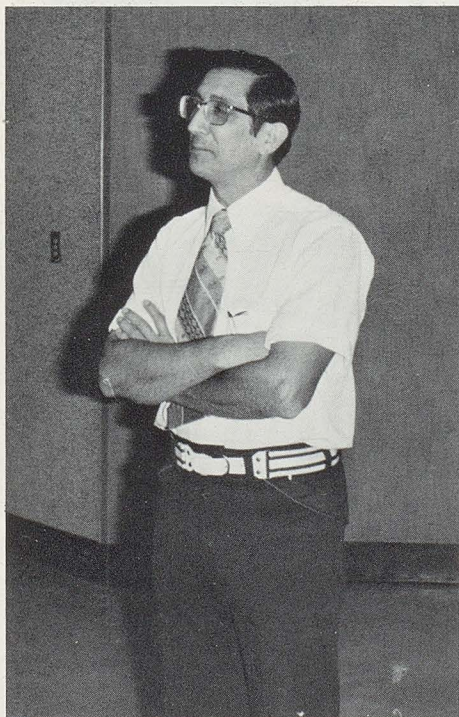

Mr. Durso - Principal

Mr. Castiglione - Vice Principal

Good administration as well as a good faculty is the key for a good school. Hornell Senior High is fortunate to have the keys for a good school, especially so the administration.

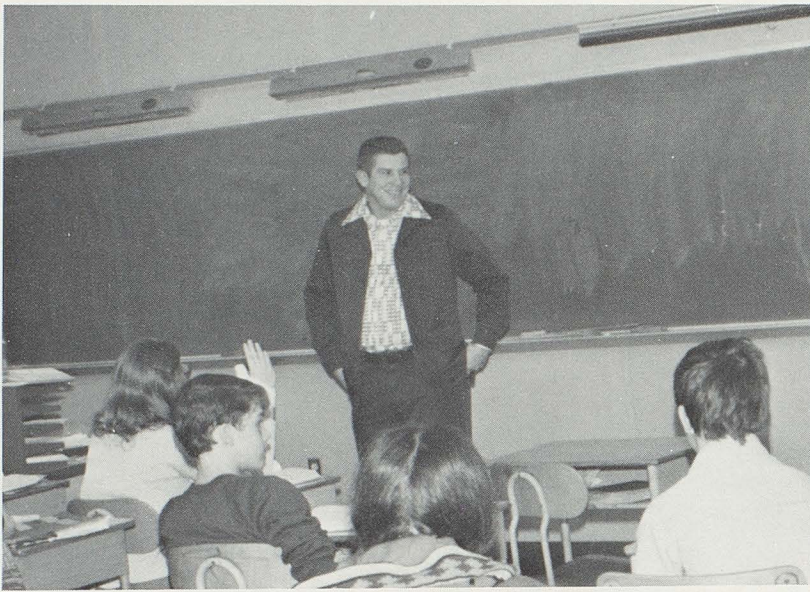

Mr. Durso, the principal, and Mr. Castiglione, vice-principal, together have fifty-five years both as teachers and administrators. Their combined talents have helped lead us through four years of high school. Always patient and understanding, sometimes reluctantly as disciplinarians, they have always acted with our best interests at heart.

From Slide Rules

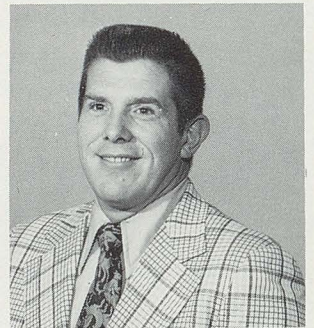

The Mathematics department of the Hornell Senior High School offers a range of mathematics programs. These programs have been set up to meet the capabilities and needs of each student not only at the present but also of the future.

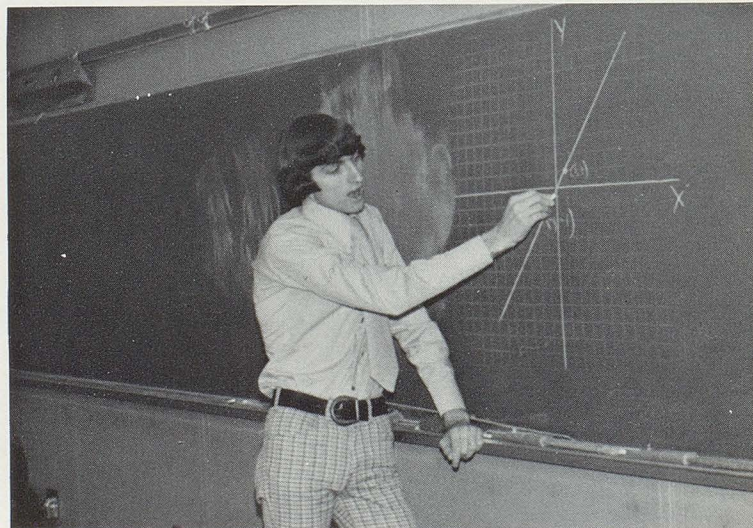

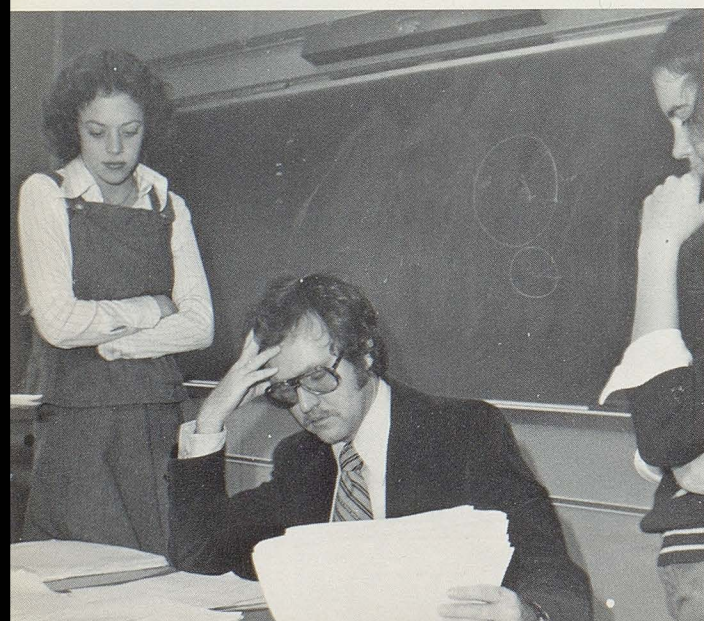

Our offerings range from a basic Math Foundation course, which was recently incorporated into the program to satisfy the New York State Basic Competency Exam, to the academic program that any college may require.

Training

Basic

The English Department of Hornell High School has returned to the "structural classroom." After four years of experimenting with mini courses and separate skills classes, both teachers and students are more than glad to return to the traditional approach in the English classroom. The return to "basics" of reading, writing and grammar are producing results. Our department meets often to evaluate our program and we find our students have learned more this year than the past four years together. Each year will be better as we will have more background to build on, "Back to the basics" is the new cry!

The Science Department specializes in exposing the students of H.H.S. to the basics of different fields of study. The science program is broken down into five groups: 1. Physical Science – for ninth graders 2. Biology – a general and a regents course are available to suit the needs of the student. 3. Chemistry – also divided into a general, regents, and analytical courses 4. Earth Science 5. Physics.

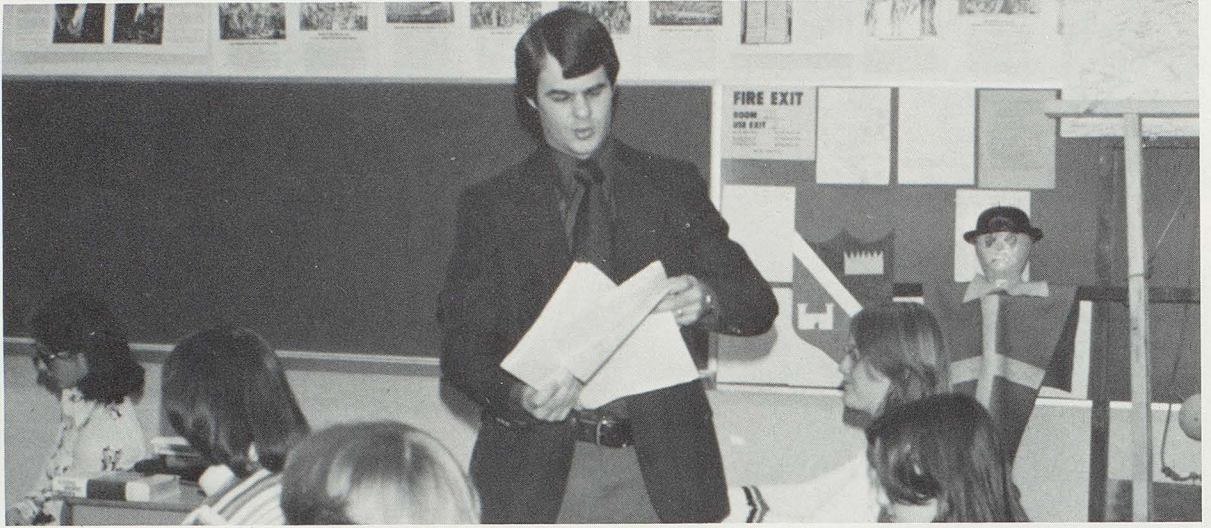

Toward the end of the 1976 year Karyn Giese, Dan Williams (1976 graduates) Bob Locker, Melanie Engram and John Griswold participated in and won the Chem Bowl in Elmira. The team was coached by Mr. Brungard.

When students enter high school through their senior year they are shown the interrelationships between and among cultures throughout history, beginning with Greek culture 5000 years ago through our own country's struggle for recognition and cultural identity.

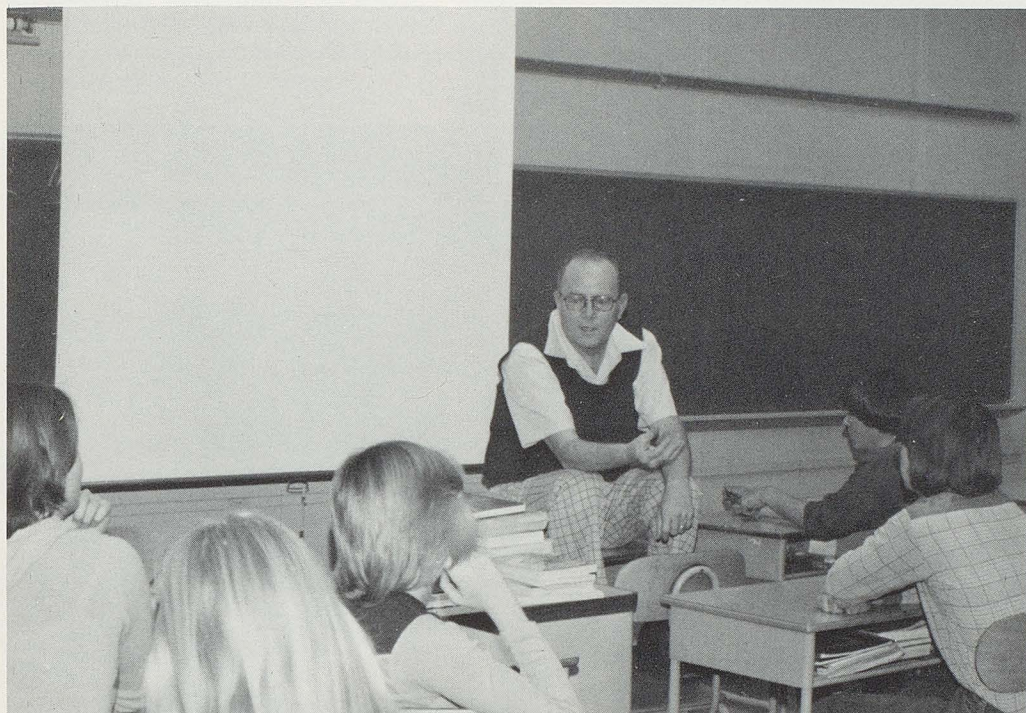

A student begins with a study of the Afro-Asian world, then to the cultural development of Europe. In the Junior year the American nation is explored, while in the Senior year psychology, sociology, and current issues in American government and society are taught.

The Language Department specializes in exposing the students of H.H.S. with knowledge of other lands. With Mr. Cali, teaching Latin, Miss Gilbert, teaching Spanish, and Miss Hussong and Mr. Tschachtli teaching French, the students get a cultural background that will last many years. Of course, the proper understanding of the language is as important as the cultural understanding, and at H.H.S. our teachers give us a good knowledge about the language we wish to take. Therefore, the Language Department says Adios, Valette, Au revoir, and see you next year.

The Business

of Industry

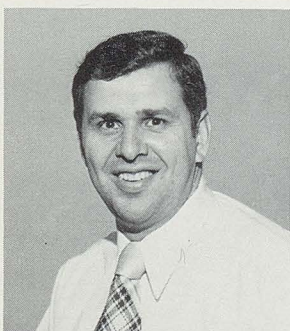

The H. H. S. Faculty of Business and Industrial Arts teach eager students techniques and skills which are used in everyday life. Such courses as Accounting, Typing and General recordkeeping help make up the curricula of business. Special projects and assignments help students understand and practice, pragmatic business skills. The Industrial Arts division offers courses like wood shop, photography and offset lithography. Students participate in classroom demonstrations and work with actual apparatus.

The elective courses of music, home economics, and art provide a rounding out of the H.H.S. curriculum. They provide a chance for students to better their talents to suit their needs. Future homemakers learn skills they will use for many years. Aspiring musicians and vocalists are given the chance to polish their talents. Whether the student is interested in a professional career or just the enjoyment it provides the music courses are suitable for both. The choice of art programs give a good selection for those students interested in different aspects of art. The classes are designed to fit both those interested in the varying techniques involved as well as those who just enjoy creating with their hands.

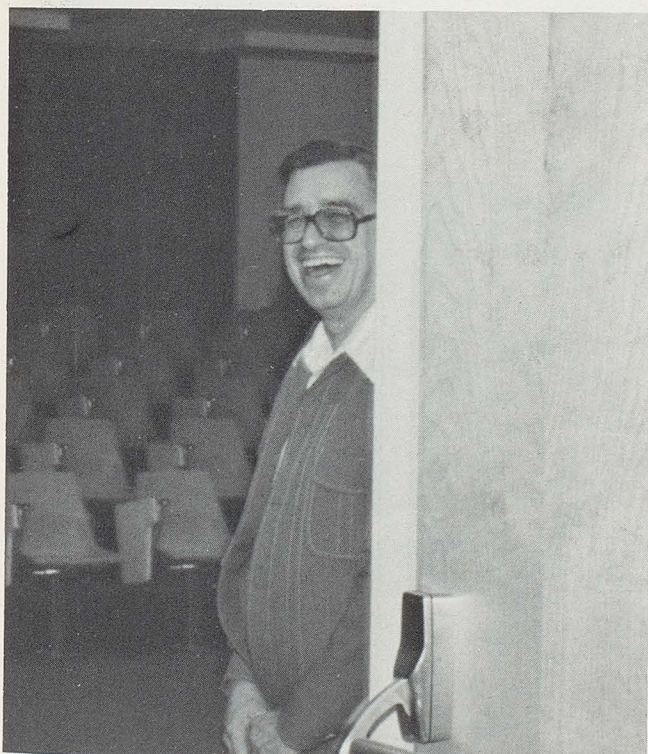

For these reasons the extra-courses available truly benefit the student body and provide the ingredients of fine arts.

The physical education program at H. H.S. took a new swing at style this year. Instead of choosing what you would like to take, you are now required by the state to participate in gym for a full year. Such activities as archery, soccer, coed gymnastics and softball offer a wide variety to the students' varied interests. Students are also encouraged to participate in extracurricular activities in order to help shape their shapes.

The Guidance Department is involved in a myriad of functions, all aimed at helping our students toward increased understanding of themselves, their interests and abilities, along with wise decision-making in course selection, plans for higher education, and career goals.

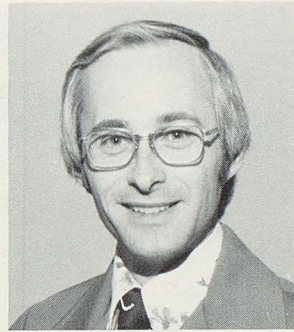

Students are counseled individually when planning each year's course schedule. Seniors receive special attention in researching careers and colleges and are given help in applications for schools and financial aid. Group guidance is offered each grade on career exploration, test interpretation, use of resource materials, and preparation for college and careers.

Backbones of H.H.S.

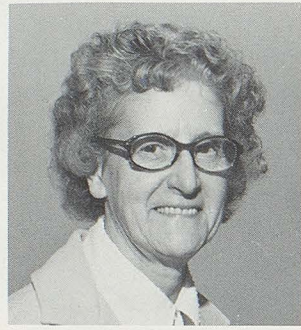

The secretaries, nurses and library aids provide the services that keep Hornell High School running smoothly and efficiently.

The nurses solve the students ever-present problems and keep up the general health of the student body.

The library aids help students research projects and reports. They instruct us in the use of the unlimited resources found in the library.

Finally, the secretaries keep the office work flowing and spend an enormous amount of time to make sure that the office business is done quickly.

For these reasons, the secretaries, nurses and library aids are truly the backbones of H.H.S.

A Touch of Sweden

Hej!

In Sweden you hear and read a lot about both the bad and good things in the United States. Therefore, I was excited to find out what the United States really was like. To my surprise, I did not find the American life style, at least not here in Hornell, that much different from the Swedish one. Of course there are differences, for instance the school system, but I could easily adjust to them.

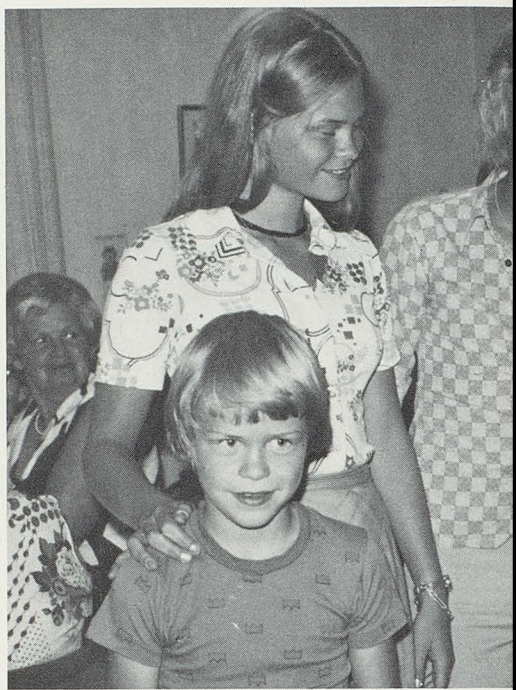

A.F.S. is an organization which tries to make the world, more peaceful by helping people to understand each other's difficulties. One way of doing this, is to send a student to a foreign country. I think, that this idea is great and realistic. You become more flexible and it is easier to understand the problems of a country by living there.

I wish that everybody could have the opportunity to live in another country for some time and learn to adjust to people and perhaps to strange customs. It is a very interesting and valuable experience.

Another thing, you don't just notice the differences, but also the things the two countries have in common. Sweden, for instance, even has McDonald's!

People here in Hornell are so open minded and considerate. The feeling you give me, that you care about me and think of me as a good friend, makes my year so wonderful. I very much appreciate the students' efforts to make me feel at home — and I really do!

During this past year I was very fortunate to participate in the American Field Service summer abroad program. I spent two months in Brescia Province in Italy, which is in the heart of the industrial north.

Comparatively, Italian life goes much slower than American. At noontime, after the big meal of the day, most families don't return to their daily routines until 2:30. In August, more than three-fourths of the population go to the sea or mountains for vacation. During this period, my family and I went to our cottage at Lago di Garda, the largest and most beautiful lake in Italy.

Relating to the people of Italy, and trying to understand their everyday life, was the aspect of my trip which I found the most rewarding. As a whole, Italians are extremely outgoing and hospitable, and the short two months I was there, I made many good friends. The experience has given me a greater awareness of my surroundings, something I will use for the rest of my life.

Homecoming

76-77

The air of excitement from the crowd helped to warm the festivities of homecoming '76. As the game progressed to half-time with Hornell ahead, and the eventual winner, the crowd patiently awaited the crowning of the queen. Each had his own special choice to be queen.

Arriving from dinner at Johnnies' Restaurant in luxurious cars donated by local dealers, the candidates and their escorts were announced to the crowd by Mr. John Tobin. They were Erin Barnett and Ed Rohan, Sally Dagon and Kevin Hatter, Virginia Eveland and Casey Cameron, Jennifer Pollinger and Bob Locker, Rose Pollizi and Bill Hayes.

The high point of the evening was the crowning of Ms. Erin Barnett as the homecoming queen 1976.

The night of November 26, 1976 was a very special one for the Class of '75, the Junior Prom. Amid blinking and spinning lights, couples danced to the terrific music of Clockwork. The theme "Attic of the Winds" was carried out in ways that reminded everyone of those joys and lovely memories that are tucked away in their own Attic of the Winds.

Yankees

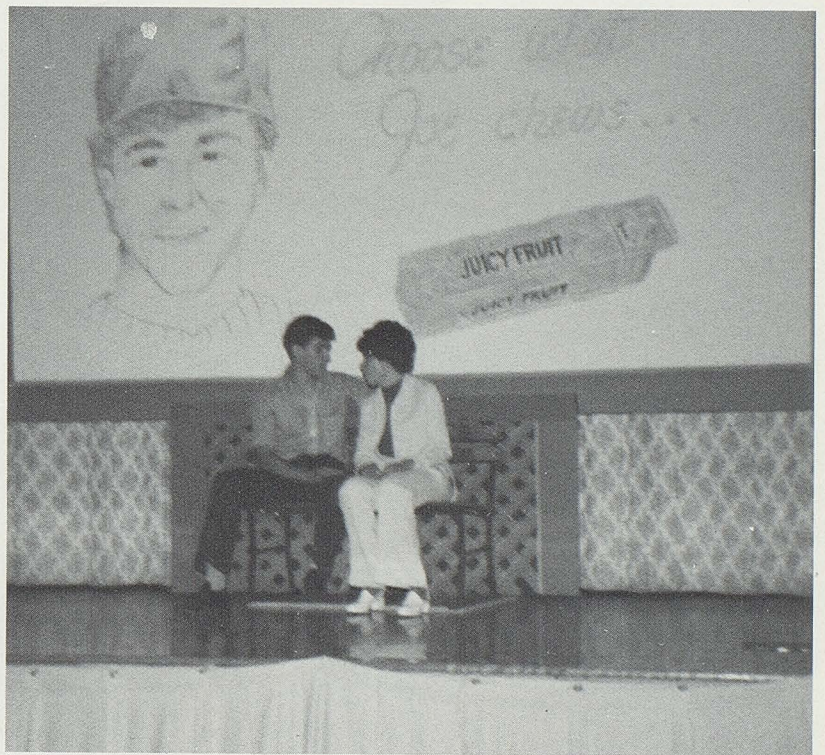

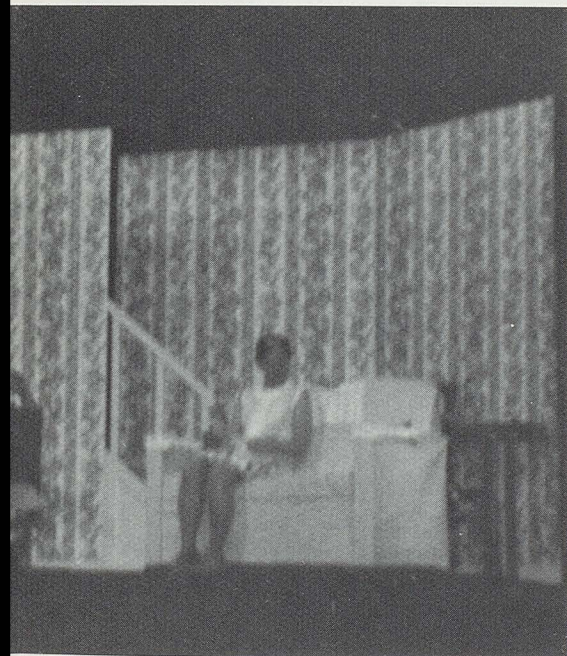

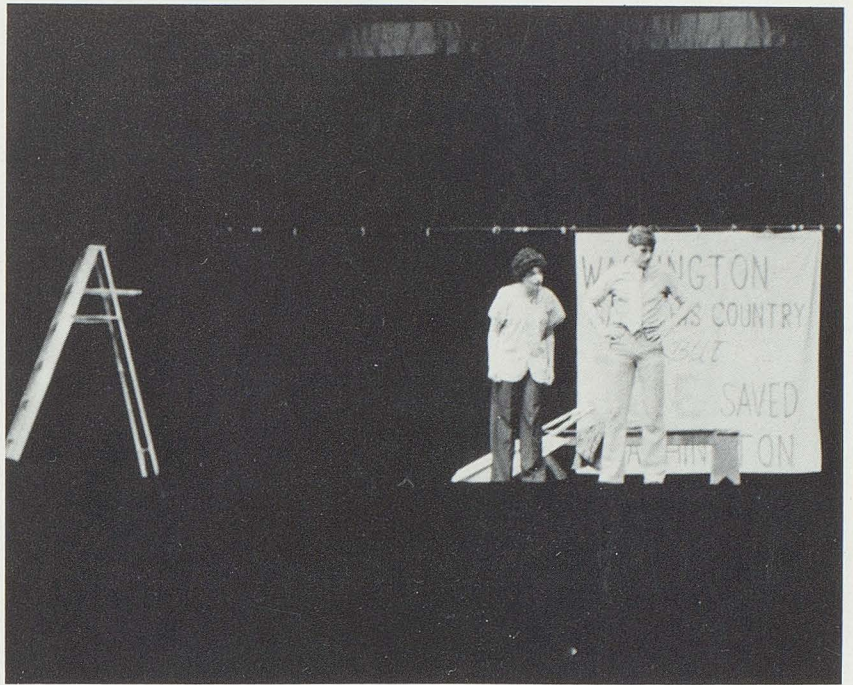

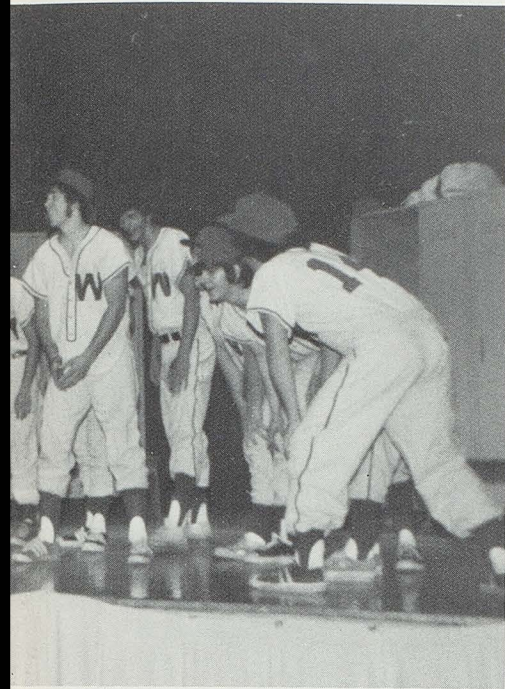

Damn

On May 21st and 22nd the stage of H. H.S. came alive with the stupendous acting abilities of members of the high school choir. Under the direction and guidance of Mr. Besig, students were given a chance to display their perfected techniques in "Damn Yankees" to an appreciative audience.

Lead characters were Tim Graham and Teri Walker as Joe and Meg Boyd, Jim Coates as Joe Hardy, Kevin McShane as the fiendish devil Mr. Applegate, and Nancy Price as Lola. In addition there was also a great supporting cast.

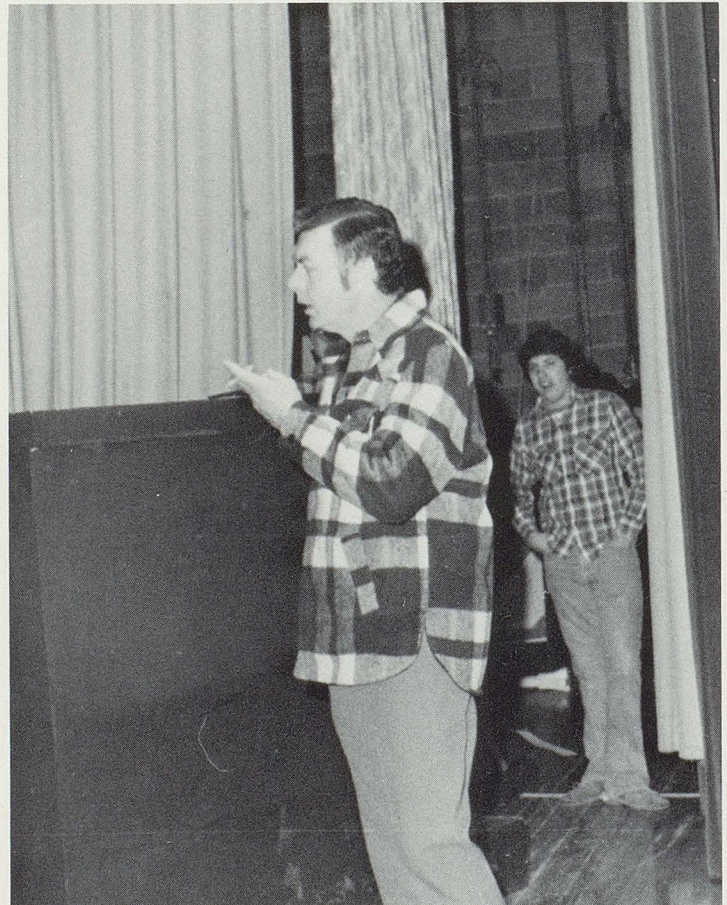

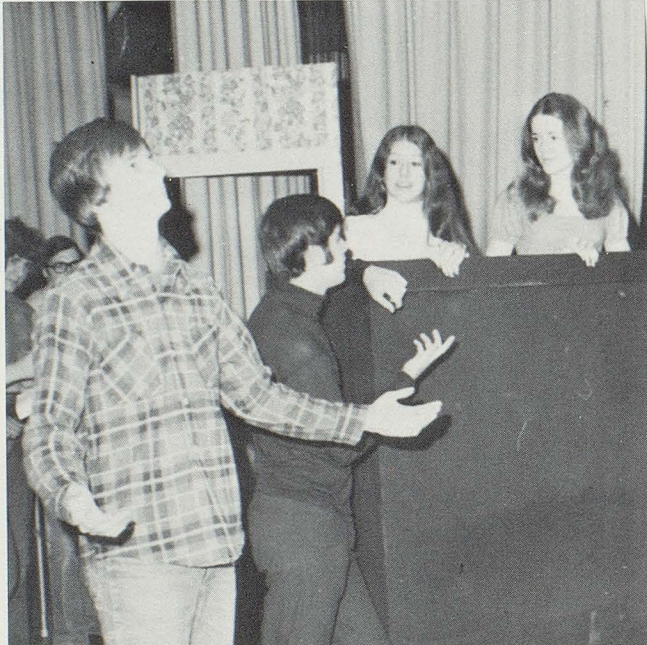

Horned Man

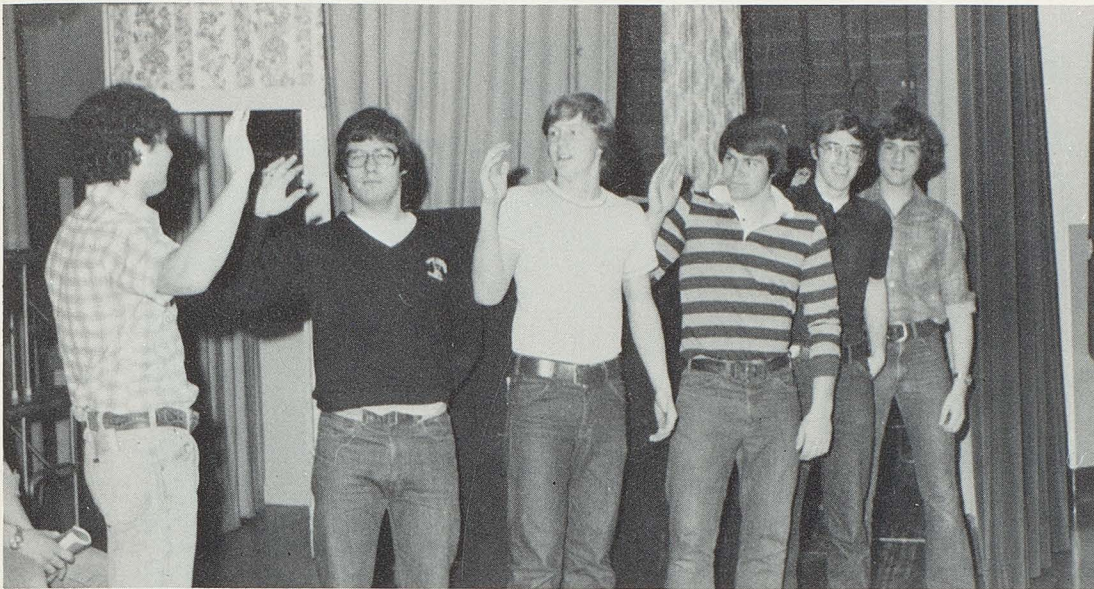

Seniors Stage

Early this year the Class of '77 presented its annual senior play. This year the class gave their presentation of "The Horned Man," which was well received by the Hornell audience. The two act play chosen by Mr. Quinlan gave the seniors an excellent chance to display their dramatic acting abilities.

Under Mr. Quinlan's direction, the cast spent many hours memorizing lines and perfecting their acting techniques. Though the rehearsals were long they were never tiresome, as the cast thoroughly enjoyed performing. Though many were inexperienced with stage work, the final product proved their work was worth the effort. The entire production will not soon be forgotten by either the actors or the audience.

Are Forever

Nights

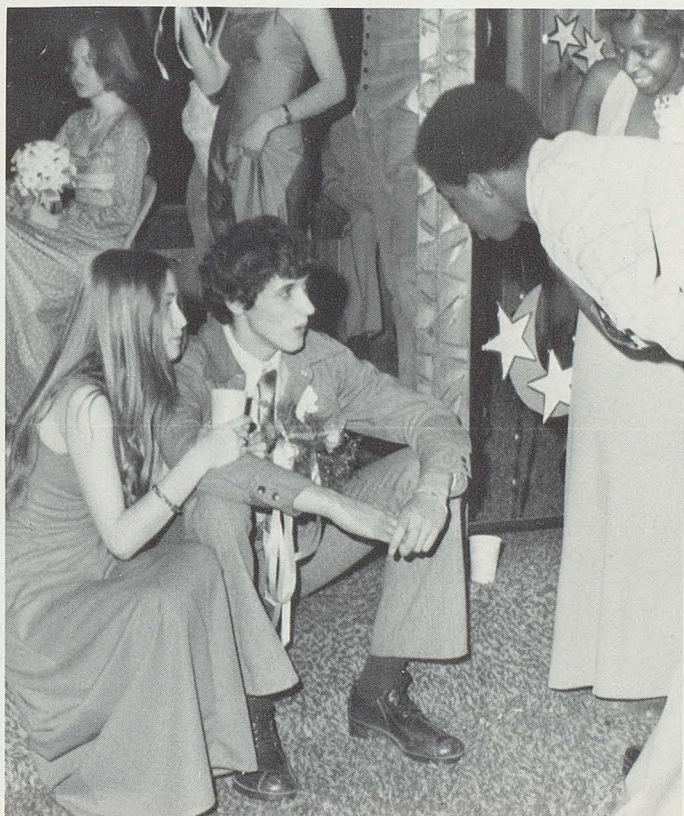

The Queen and her court

This year the annual Candlelight Ball was held at the Hornell Country Club. It was a terrific evening enjoyed by many couples. "Nights are Forever" was the theme with moons and stars decorating the atmosphere. Dancing music for the evening was provided by the Rogues. The refreshments were scrumptious. The highlight of the evening was the crowning of the Queen and her court. The Queen was Margie Fawcett escorted by Steve Terry. The court consisted of Debbie Giglio, Brigid Pollinger and Peggy Dunning escorted by Dave Watt, Jim Boone and Mike Cortese respectively.

Thanks to the hard work of the Horizon Club it was a beautiful evening.

Stitch two, three, four.

I just got a 95 on a test.

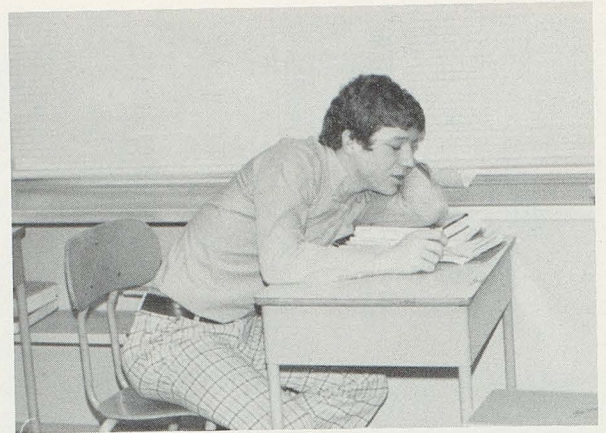

Watch your fingers— oops, too late

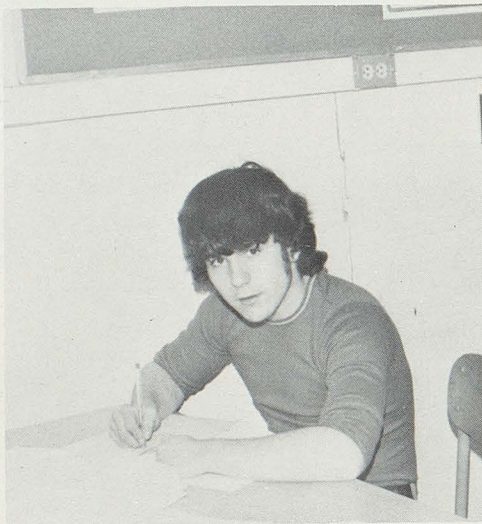

All I have to do is pull this lever and . . .

I'm glad it's ninth period.

Let me rest, I didn't get to bed til 2.

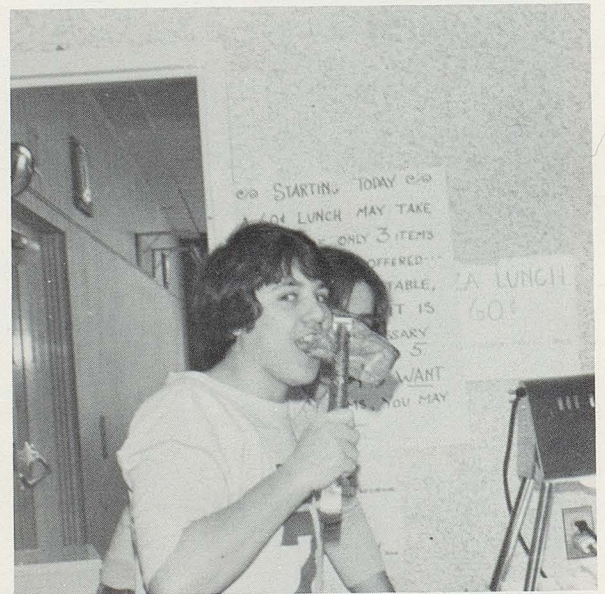

Leave me alone it's due at 3:05.

This is gonna be a drink!

Don't bug me.

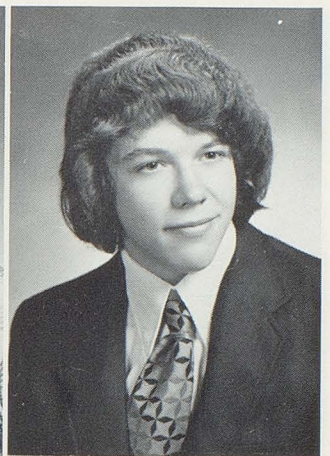

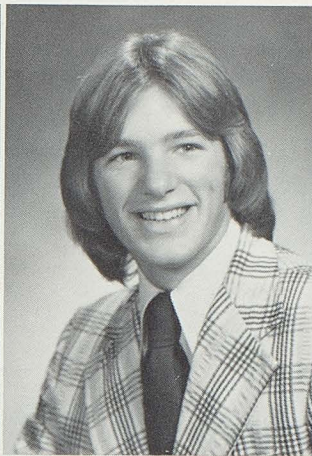

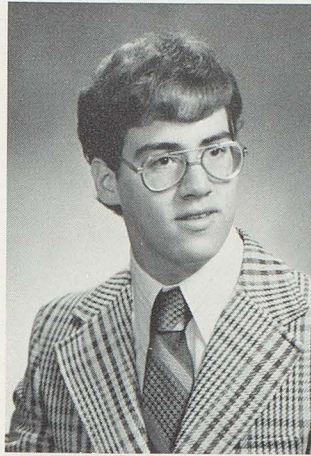

I really hate them, but I want my picture taken.

From H.H.S.

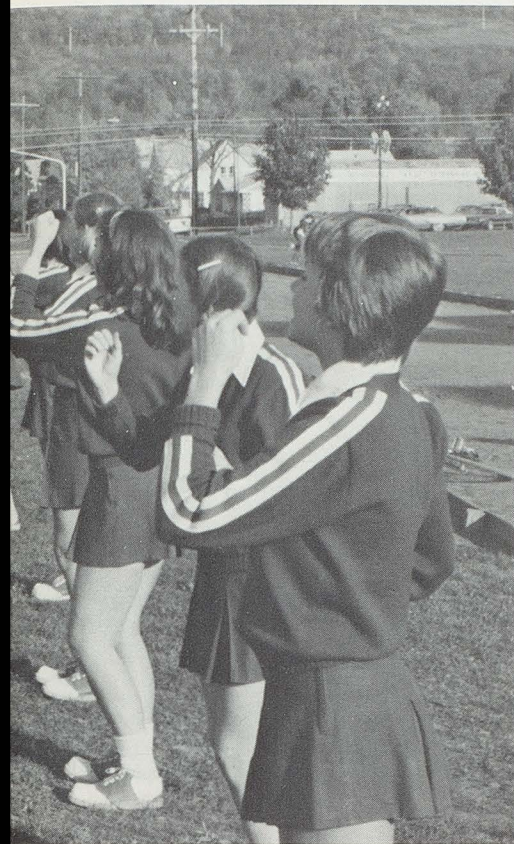

Oh We're

Practices are hard and long to develop new techniques to stimulate the spirit of H.H.S. Nobody sees behind the scenes the work that a cheerleader puts in to get ready for games, pep assemblies and the time needed to make signs. Even when the snow falls and the wind blows the cheerleaders are not able to bundle up in blankets, but their spirits never seem to cease.

A cheerleaders job is to arouse the fans and to get them interested in and to participate in cheering our Raiders on to victory.

Football Team Kicks Off to Best Season in Years

The margin for victory for this year's football team was provided by the offense as opposed to previous years. The '76 campaign was one which saw the Red Raiders compile a 4-5 record and end up as co-champs of the Bi-State Division of the Sullivan Trail. Although this record indicates improvement, it does not convey the excitement the team provided for its fans. With their great offensive potential the Red Raiders kept everyone on their feet.

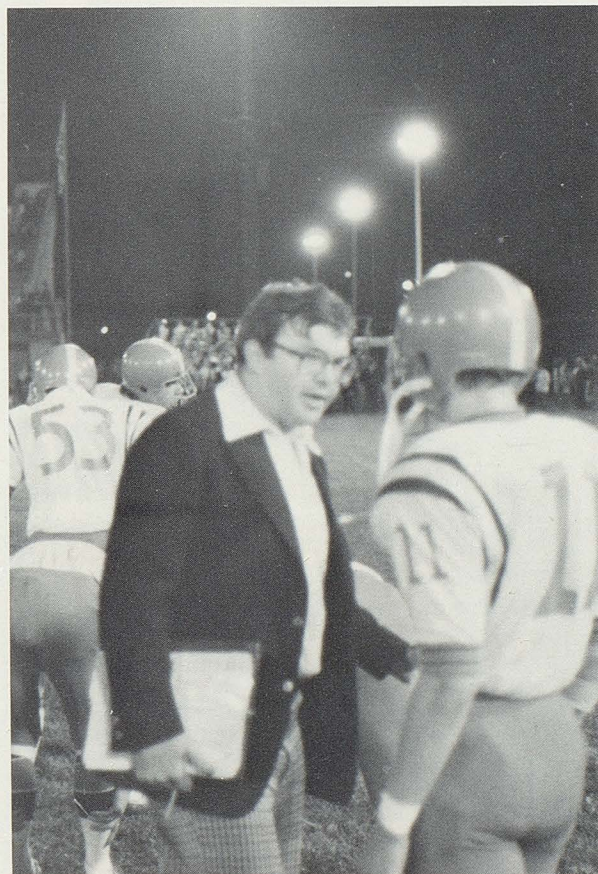

Although Coach Arnault will be losing the services of eighteen seniors, next year's team should be a good one. With the return of many underclassmen in key starting positions next year's team should also continue to be an explosive offensive unit.

Over the River, *and Through the Woods*

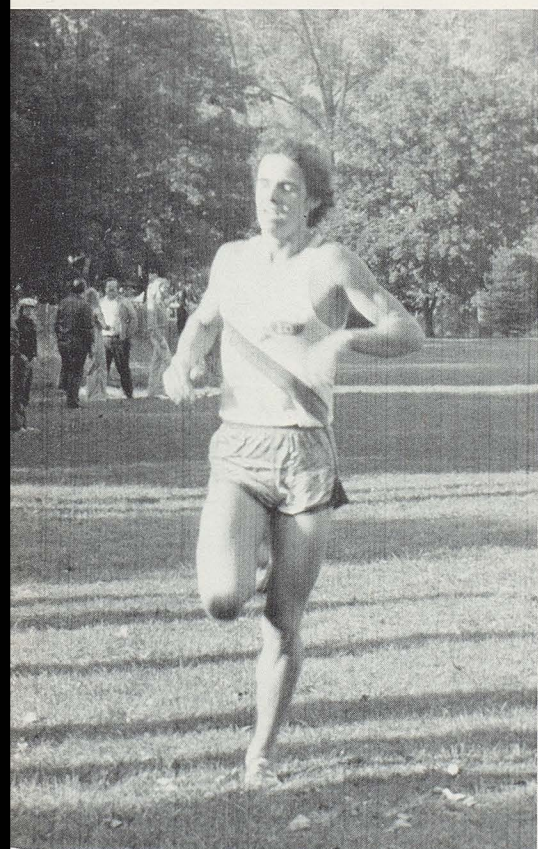

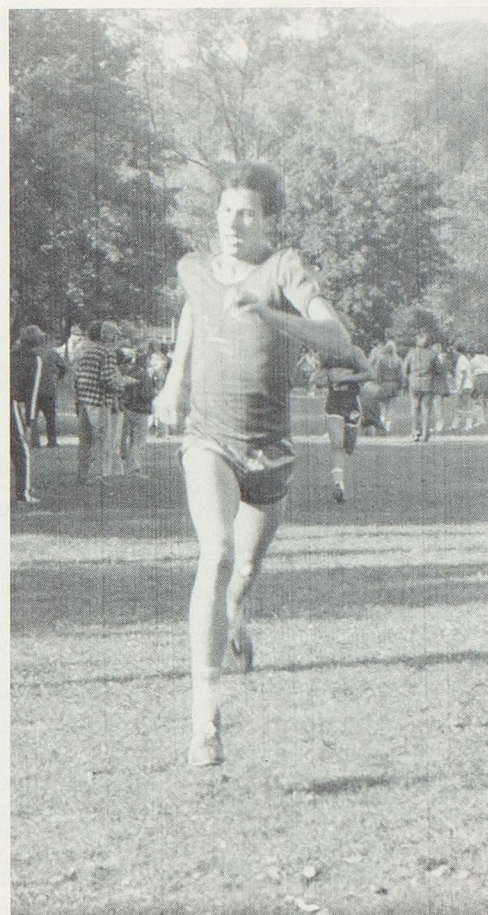

This year the Hornell High Cross Country compiled a 10-2 seasonal record, which brought its four year record to 39-8.

A team which was closely joined together performed extremely well. It was not unusual to see many Hornell runners close together at the finish and it was this formula which gave the hillmen the margin for victory. But none of this could have been achieved without the knowledgeable training and coaching of Coach Lecceardone.

Nets Best Season Ever

Soccer Team

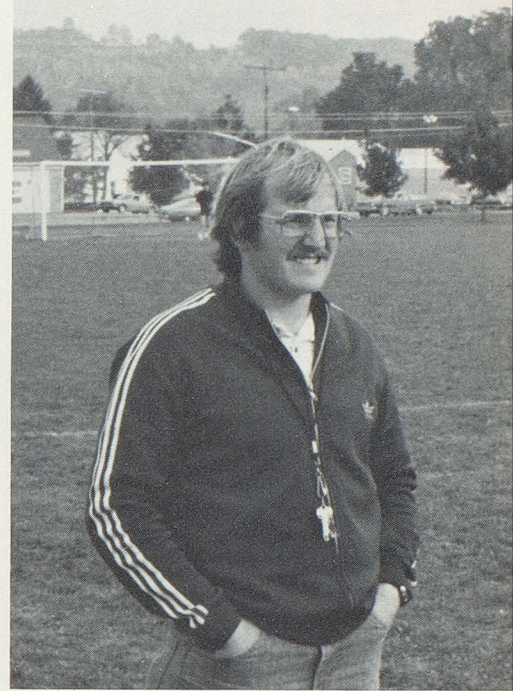

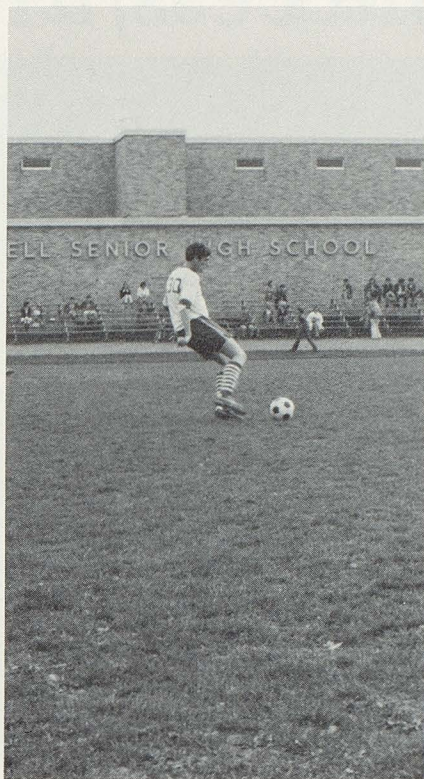

Row 1: D. Freeland, T. Kinsman, T. Dailey, F. Phillips, J. Loper, J. Didio, M. Mazzella, Row 2: Coach Bostwick, J. Saam, J. Reese, P. Houghtaling, R. Hasler, T. Hillman, B. Reardon, C. Boerner. Row 3: M. Stiles, T. Beyer, K. Gaffney, J. McAneney, B. Mahoney, C. Moss, J. Griswold, T. Eveland, G. Bigger.

This year's soccer team posted many new records. The team had a 12-4-2 seasonal record which was by far its best record since the sport was undertaken in 1949. It marked their first winning season since 1952 and their first sectional win since 1959. The statistic of 45 goals scored and 19 goals allowed gives a reason for success.

Though the statistics offer a good picture, they do not clearly show the intenseness with which the games were played. Many games were very close, but the Raiders always seemed to have just a little more left than their opponent. This comes from excellent training and for this Coach Bostwick should be commended. Also to be commended, is the fine work J.V. Coach Lefferts has done in the development of these athletes.

Next fall you can expect to see another fine soccer team, with the continuation of an excellent program.

In recent years, girls' soccer has grown out from mediocrity and expanded into a dynamic sport. This year the girls added a junior varsity team to provide experience for the younger girls.

This year was the Red Raiders best season in girls' soccer. The team won the North Division championship of the Steuben County league, which was a first in Hornell history. The girls finished the year with a 12-2 overall record and their first win ever in post season play.

The varsity team was composed of Juniors and Seniors with much experience. It was this experience combined with overall determination that led the Red Raiders to victory.

Young and

Restless

This year's girls' basketball team had not started its schedule at the time of this publication. However, with the loss of three valuable members to graduation, it appeared that Coach Lefferts was in the midst of a rebuilding year.

The projected starting five consisted of: Patty Watches, Barb Prete, Nancy Harder, Sandy Huffsmith and Karen Milliner. With a lot of hard work and practice, this year's team could pull out a lot of surprises.

In the years to come, you can expect to see strong girls' basketball teams. The reason for this is the development of a junior varsity girls' team. This will give the younger girls a chance to develop their skills and gain experience at the same time.

With the loss of five valuable seniors to graduation, the question arose as to whether the Raiders would continue to be a strong contender in the Sullivan Trail. At midway of the season this question had been already answered. The Raiders had established themselves with a strong 2nd place finish in the Canadaigua tournament and a respectable 5-4 record.

At the time of this publication the netmen had won three games in a row and were improving with each game. With this vast improvement Coach Farrell was optimistic about the second-half of the season.

With the continuation of a fine program you can expect to see the Raiders vying for the Bi-state title in the ensuing years.

During the last five years, the Hornell High swim team has built up a reputation as a powerhouse. They have been known to pull off the big win year after year and have brought home trophy after trophy.

This year's swim team was battling for the Tri-State division title of the Sullivan Trail with Sayre at mid-season. With a 6-2-1 record, the Red Raiders were holding half of first place. At this point many records have been broken, namely by John McElhenny, Kevin and Andy Flaitz.

As for next year, the swim team should be even stronger with the maturation of the many underclassmen. However, the swim team will lose the services of four year veterans Monte Hurd and Sue Polmanteer. It is Coach Spittler's hope to maintain the winning spirit of the past few years.

This year's wrestling team proved they meant business when they upset the powerful Horseheads Blue Raiders for the first time ever.

At mid-season, the matmen were riding high with a 7-2 record and last year's sectional champ Nick Dean was leading the team with a 14-1 record and 2nd place at the Canandaigua tourney. Other highlights were: Butch Bottone, 14-2, and 1st at the Canandaigua tourney; Ray Cudebec, 15-2-1, 4th at Canandaigua; Steve Terry, 12-2-1, 3rd at Canandaigua; Carl Boerner, 12-4-1, and Joe Milliner undefeated in the Sullivan Trail.

With the season half way through, it looks as if this year's team will be the best in Hornell wrestling history.

The girls' varsity volleyball team ended its second year in competition with a 6-12 record. Although this record was somewhat disappointing it must be remembered that the team carried only one senior.

As the season progressed the team began playing a better game of volleyball. A highpoint in the season was experienced when the team beat the league champion Haverling High 15-5, 15-5.

With the loss of only one senior next year's team should be a strong contender in the league.

The girls' softball team has literally dominated the Steuben County softball league over the last four years. This year the girls had an overall record of 12-1 and a league record of 7-0.

The team was a powerhouse, scoring 291 total runs. The girls reached the semi-finals in Section V sectionals and lost to a "very good team." The girls have learned to cope with the pressure of sectional competition and should be twice as strong next season. Coach Lefferts says, "they're shooting for the Section V crown this coming season." With the interest and talent available, this goal seems within the grasp of the girls.

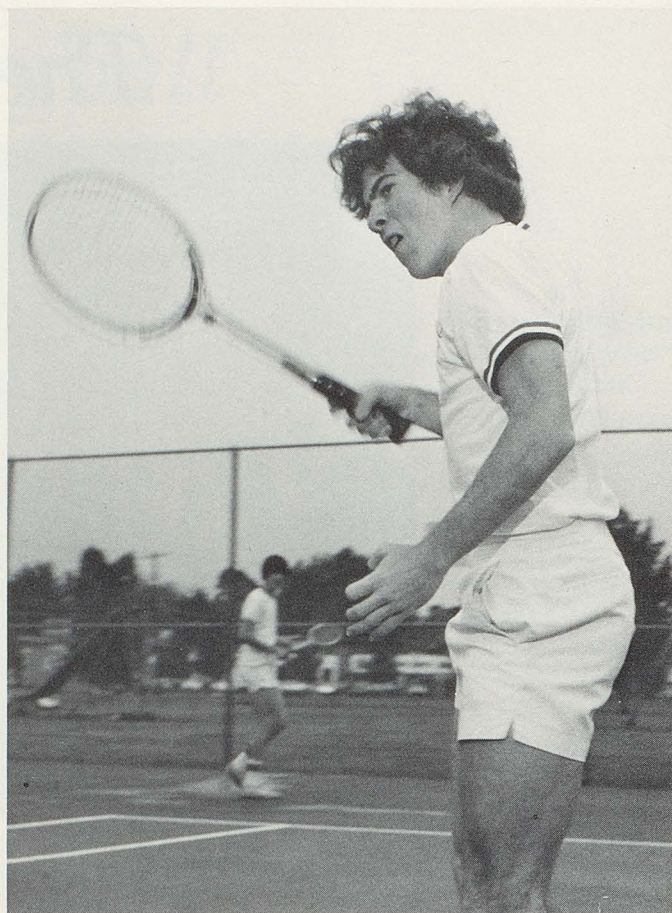

Anyone?

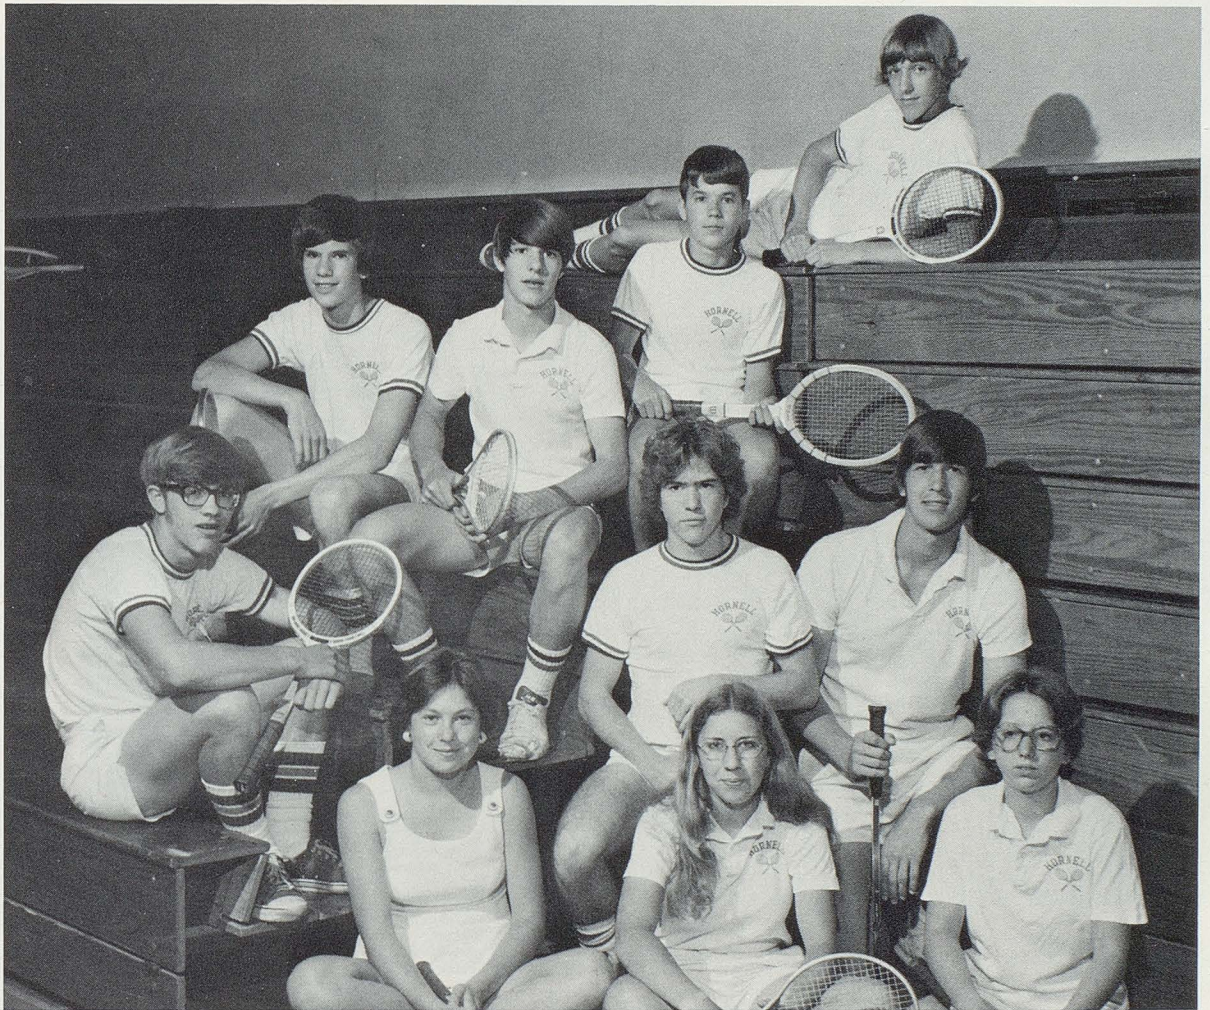

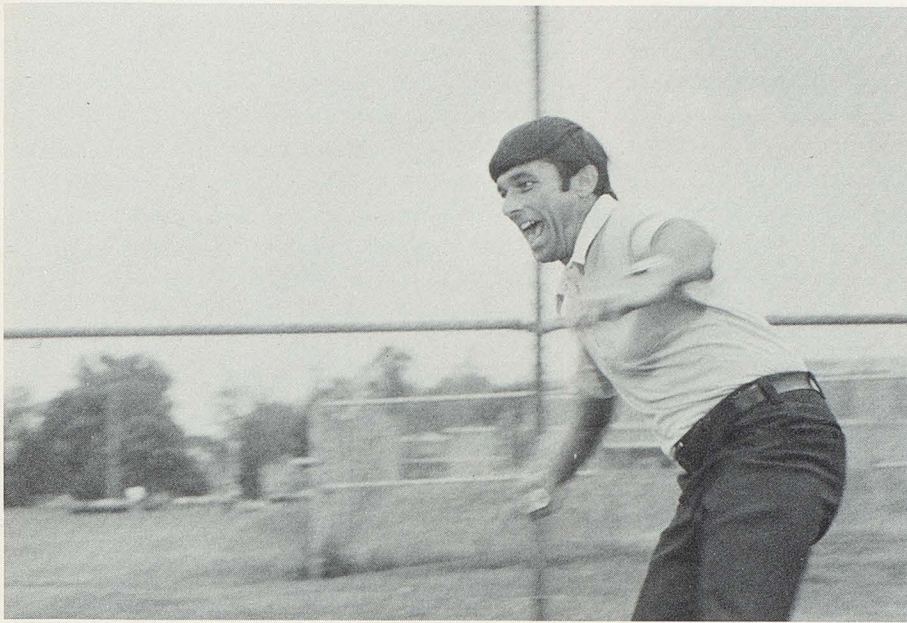

Tennis

After a poor showing in '75, the tennis team returned to its old form by compiling a 12-6 record. The '76 campaign was one which saw the maturation of many into fine tennis players. As the season moved on, the team got stronger and proved to be quite the "match" for its Sullivan Trail rivals.

The netmen finished the season in 2nd place of the Bi-State and sent two players to the Sectionals in Rochester.

With four returning lettermen, this years team should provide an interesting season. Look out Sullivan Trail here we come!

The Power

of Execution

A team devoted to the execution of fundamentals found that hard work and dedication paid off. The '76 season was one which saw the "Big Red Machine" cop their fifth county championship in six years and second place in the Bi-State Division with an overall record of 17-6.

The Raiders were led in hitting and pitching by Senior Joe Mauro, but the team worked together forming a common nucleus.

Five lettermen were yielded to graduation, but this years team, with the advancement of some J.V. stars and six returning lettermen, promises to be strong.

The Hornell High Golf team in '76 found itself in a rebuilding year but was still able to pull out an excellent 6-6 record. A team which had lost heavily to graduation remained close in every match.

With everyone returning, this years team promises to be an excellent contender for the County Title. Last years J.V. squad recorded a tremendous 6-1 record and should, also, provide a bright spot in the Golf seasons yet to come.

Tracks

They Leave

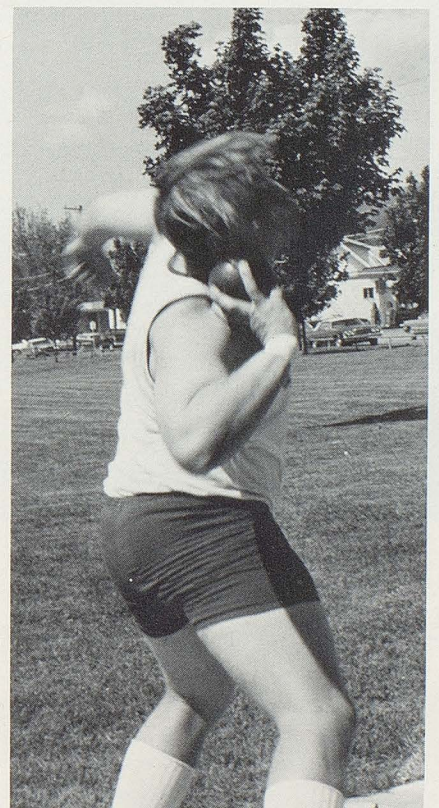

After two excellent seasons in a row, the '76 cindermen had a somewhat disappointing season due to several injuries in key positions. Despite this their spirit prevailed and they managed to pull out a respectable 7-6 record.

Some bright spots in the season were experienced by the cindermen as they broke many old records. Bill Dugan broke the shot-put record with a heave of 59'4½" which was the fourth best in the state. He also broke the school discus record with a throw of 134'10". Tom Hallenbeck set a new two mile record of 10:02. Mark Hunt triple jumped his way to a new record of 42'3" and the mile relay team of Mark Willsey, Mike Stiles, Harold Davis and Mike Clancy sped to a new record of 3:31:0.

The National Honor Society ranks as one of the oldest and most prestigious national organizations for high school students. Chapters exist in three-fourths of the nation's high schools and, since 1921, more than six million students have been selected to membership.

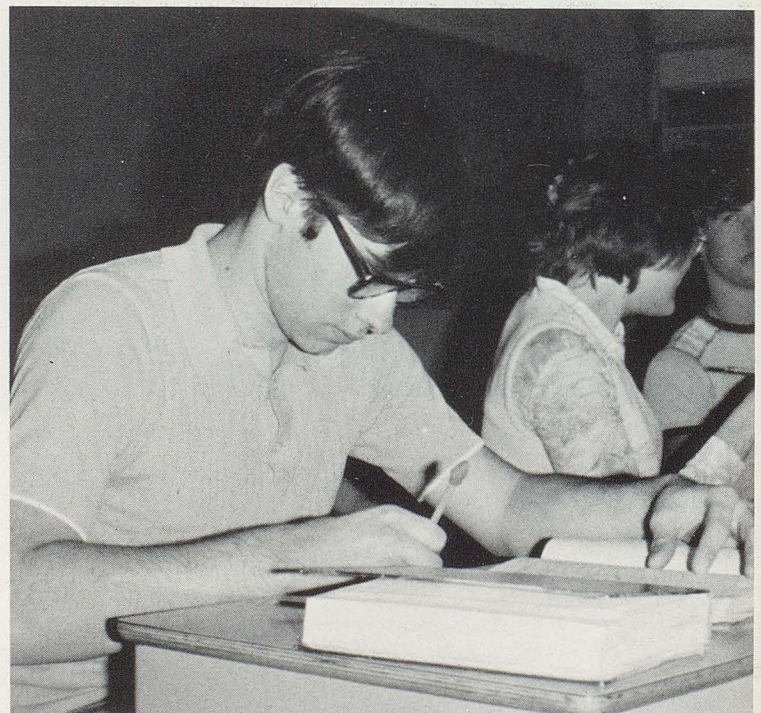

Members of the Hornell chapter of the National Honor Society were selected by the faculty of Hornell Senior High. They are selected by meeting high standards of scholarship, service, leadership, and character.

The Math Club is composed of students who are interested in the different aspects of mathematics. Through this club we get a grasp of levels of mathematics which cannot be taught in the classroom.

Several students took part in competitions for scholarships this year. These included the Nevins exam for a scholarship at Alfred University and a national competition Mu Alpha Theta. These tests give us practice for other difficult exams we will have to take.

This year we had Mr. Crow from Maple City Loan give a talk about the uses of mathematics in business careers. Later, Dr. Williams, a mathematics professor from Alfred University spoke to us about mathematical careers in the future.

The Latin Club, or J.C.L., serves to make a worthwhile and enjoyable subject, and it offers a clearer picture of Roman life than textbooks ever could. With Mr. Cali and Miss Mularz as our leaders, the Latin Club has continued to educate and entertain classical students.

During the course of each year, the Latin Club holds many activities, including a Halloween party, a Saturnalia festival, a Roman banquet, and Bingo. All Latin Club members are invited to attend the annual State and National conventions, where fun and good times come easily.

Most remarkable about Hornell's Latin Club is the hearty Roman spirit of the members. To all J.C.L.'ers, Latin is far beyond being just a language.

Meet the Press

Editor, Bob Locker

The Raiders' Eye was born in the fall of 1976. The newspaper began as a thought during a series of early year organizational meetings. But even before these meetings took place the idea had to be cleared with Mr. Durso, Mr. Quinlan, our adviser, and Mr. Buisch of the Evening Tribune.

And so, on September 23, 1976 the Raiders' Eye became a reality. It featured stories on a new teacher, girls soccer, freshmen, and some very odd looking legs. Very often we struggle for copy and bother our reporters for stories, but all year long we've managed and turned out the finished product.

Every morning 100 students file into room 152. Soon, musical sounds float through the halls of H.H.S. The band works everyday perfecting music for half-time shows, concerts and parades.

During football season, all the band members bundle up and practice on the football field for the Friday night half-time shows. Since the football games last until November, the band is used to performing in the midst of snow flakes. Whatever the weather is, the band is welcome entertainment for the half-time shows.

This year the band did a concert exchange with Hyattsville, Maryland. In March, the Hyattsville band came to Hornell and in May, the Hornell band went to Hyattsville. During each exchange, the bands played a combined concert and had a chance to visit some regional sights.

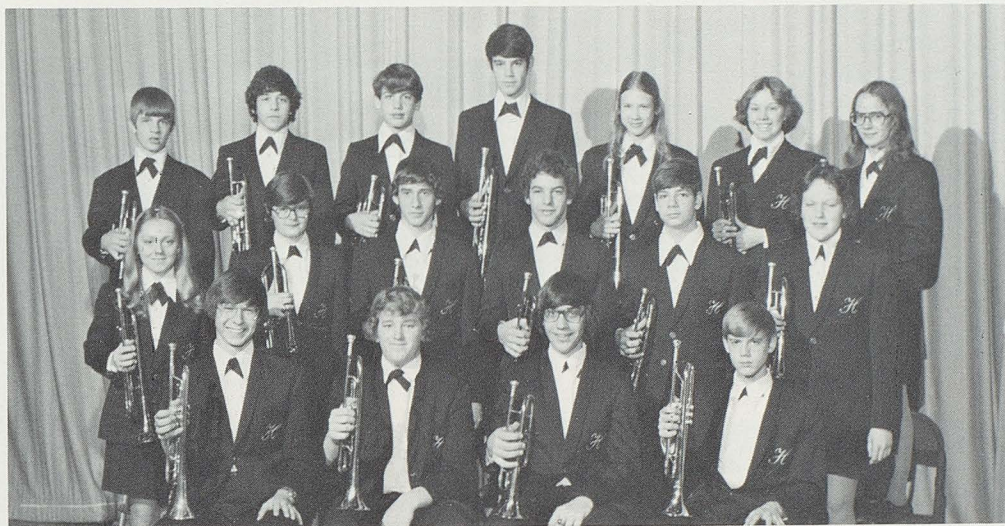

In the spring, the band was busy practicing for parades, and planning an outdoor concert.

The stage band brings music of the past and the present to listeners of all ages. They practice every Tuesday evening in room 152 of the Hornell High, in which the accomplishments of proud musicians can be heard. They made an early debut for '77 to the Hornell audience and received great acceptance. Many more future performances are highlighted for the year.

Drum Major: Mike Stiles

The majorettes, Sue Andrews, Ann Donavon, Patty Donavon, Tammie Ellis and Karen Davis, practiced many hours after school making up routines to brighten up the football games. Drum Major Mike Stiles led the band onto the field and through their drills. The Majorettes and Drum Major added spark to the half-time shows. Later in the year, Mike and the girls were kept busy practicing with the band to prepare for springtime parades.

Choragus

Choragus and Chorale combine to produce melodious sounds every fourth-fifth period. Mr. Besig and the choir work hard everyday to perfect the music for concerts during the year. One of the highlights of the year is the annual Christmas concert, this year called "A Time For Joy" which spread the Christmas spirit to the Hornell audience. Also, plans were made for a musical in the spring, an event highly anticipated by everyone, in which the choir members have a chance to show their dramatic as well as their musical talents.

The Swingers are a very unique group of students who gain much respect through their performances. They work diligently each morning choreographing a very impressive "pop" program. They also take an active part in entertaining the community. Through the guidance of Mr. Besig, the Swingers are always sure to be a welcomed part of H.H.S.

Happiness Is

The Glee Club is a young group of freshman girls interested in taking part in the choral program at H.H.S. They meet each day third period and practice many arrangements designed for three parts. They are an active part of both Christmas and Spring festivities. Mr. Besig spends a lot of time preparing these girls for hopeful participation in the choir.

In the second year of reconstruction, the Student Council is beginning to receive recognition as a true representative group. The council increased its responsibility this year and developed a stronger constitution. The council also began acting on the concerns of the students and represented them in every way.

It is felt that in the ensuing years, the council will continue to take on added responsibility and possibly form an Honor system. These plans, however, are in the hands of future members of the council and can only be realized with their devoted concern for the group.

French and Spanish

Clubs Join Hands

The French-Spanish Club met this year and established themselves by electing their officers. Elected were 1. Karen Christensen—President, 2. Julie Chricaden—Vice president, 3. Renata Stryker—Treasurer, and 4. Kathy Davis—Secretary. Also chosen were Barb Prete as head of Spanish entertainment, and Karen Davis as head of French entertainment.

The Club didn't hesitate and started their activities early. They had a very successful Halloween Party, and a profitable bake sale. They topped the year off with an extravagant banquet in the spring. As last year, French and Spanish foods were featured and a good time was had by all.

Every Friday night a group of ski bums depart from Hornell High and disperse onto the hills at Swain Ski Center.

On the novice slope you can see the beginners stumbling through their first lessons, quite a contrast to the hotdoggers on Clark. All ranges of skill are seen and everyone thoroughly enjoying themselves.

The extreme cold this year did not intimidate the faithful skiers. Instead they concentrated on the excellent conditions and on improving their skills.

Although art is really an individual's expression, requiring much individual work, this years Art Club has emphasized cooperative effort toward our projects.

With the help of Mrs. Heaslip, Mr. Printy and his student teacher, Miss Rueben, the club created a project that was entered in a "collaboration" exhibit at Alfred University. Also, a successful "Disco" was sponsored as a fund raising project for a field trip at the end of the year.

The Art Club has been a broadening experience this year, offering the opportunity to experience art at a greater depth than covered in the classroom.

The Rifle Club was organized in 1964 and is affiliated with the National Rifle Association. Mr. Straight is the leader assisted by Mr. Al Spencer, a retired employee of the Hornell school system. Twenty-two caliber target rifles are used. Each member shoots qualification courses and at the end of the year is given a certificate of PRO marksman or Expert Rifleman.

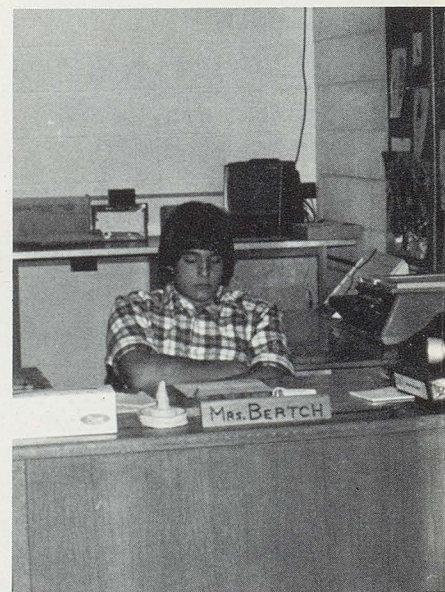

Producers in the Making

Under the special guidance of Mrs. Bertch, the audio-visual club members learn the know-how of laminating, video-taping, recording, filming sports and other club activities. They assist in keeping track of the movie projectors, record players, extension cords and tape recorders. Members benefit in A.V. as they are always learning new procedures and how to operate new equipment.

H.H.S. Strikes

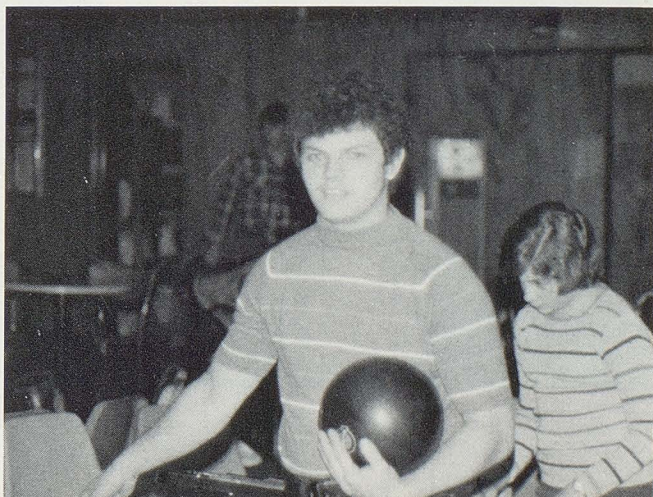

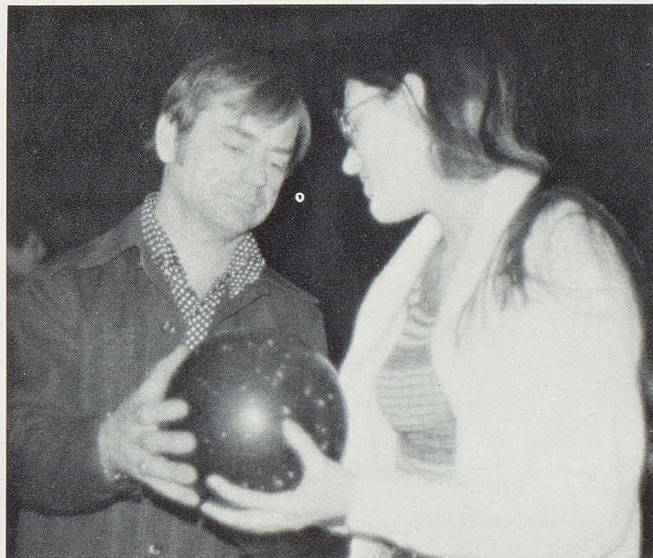

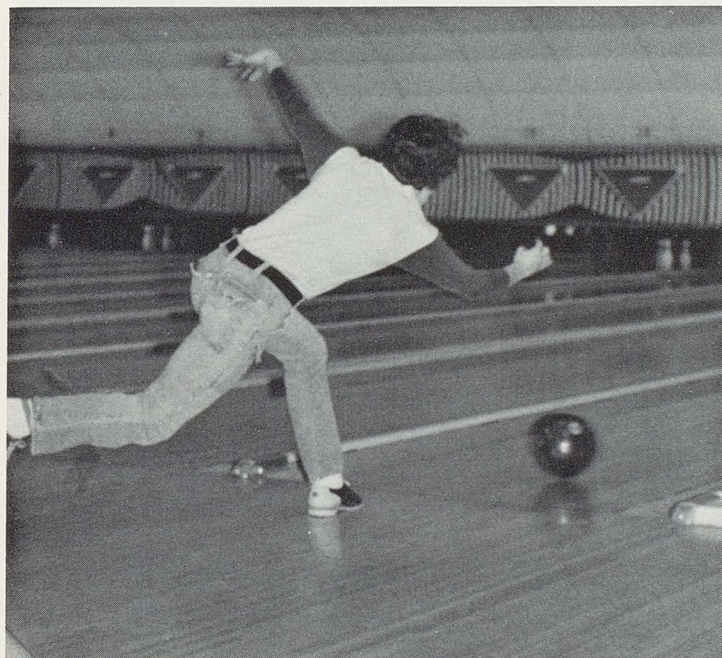

Again

The bowlers of H.H.S. are quite a group. Every Tuesday night they show at the Hornell Bowl to have a ball. Novice to expert, they all appear. With Mr. Scheiwer as coach to lead the way, 28 county championships have come their way.

Though fame is little and fortune is less, they'll still have their fun at H.H.S.

The Hornell High School chapter of the American Field Service began this year with a new advisor, Miss Janzen. Along with welcoming Mia at a tea, they diligently began thinking up money-making ideas for this summer's domestic program. In this program, a student from our school will be sent to someplace within the U.S., and another student will be sent here.

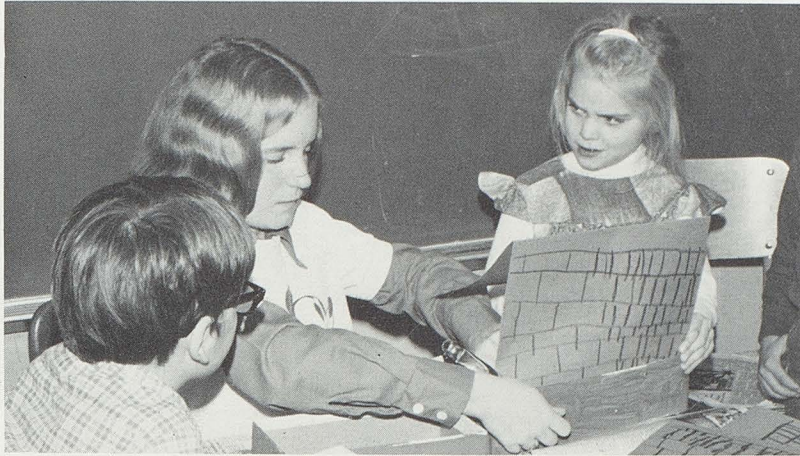

With many dollars to earn, they held a Christmas bake sale and ran the concession stand at basketball games. There were also many hopefully lucrative projects on the agenda.

Besides the money-making projects, fun activities are also carried on. Five students from the club spent a few days in another school of the area. Getting to know the exchange student and making friends are the first and foremost reasons of the club's existence.

They'll Teach

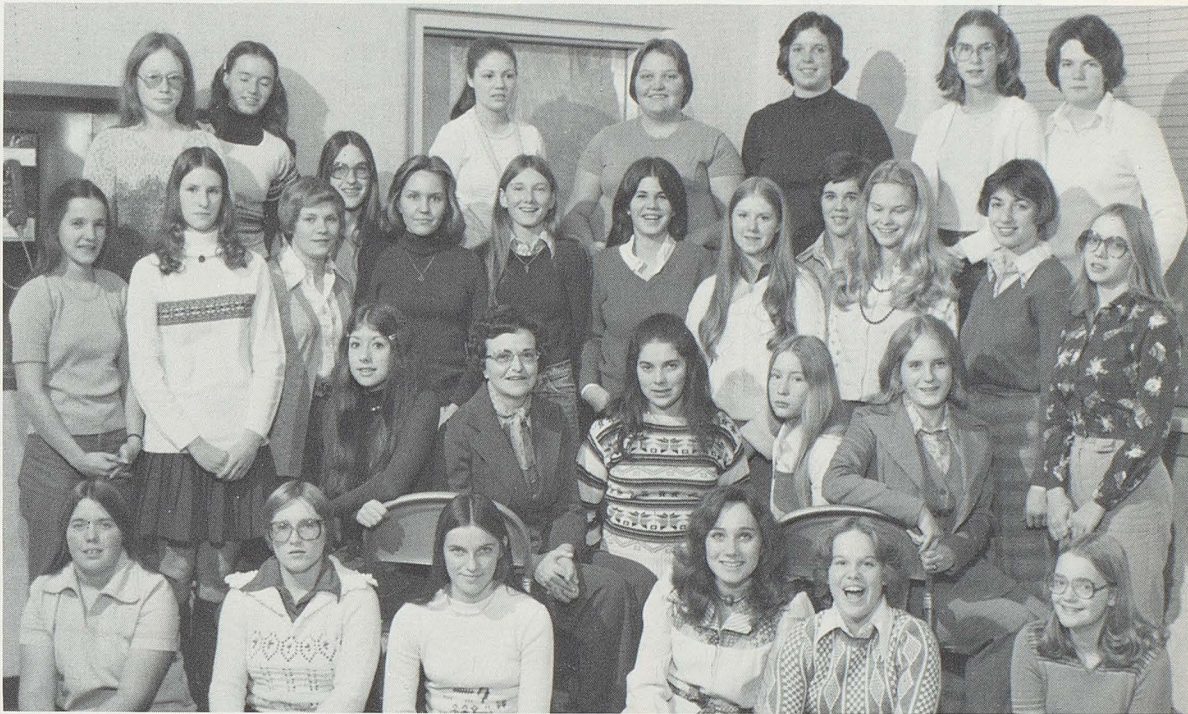

Practicing What

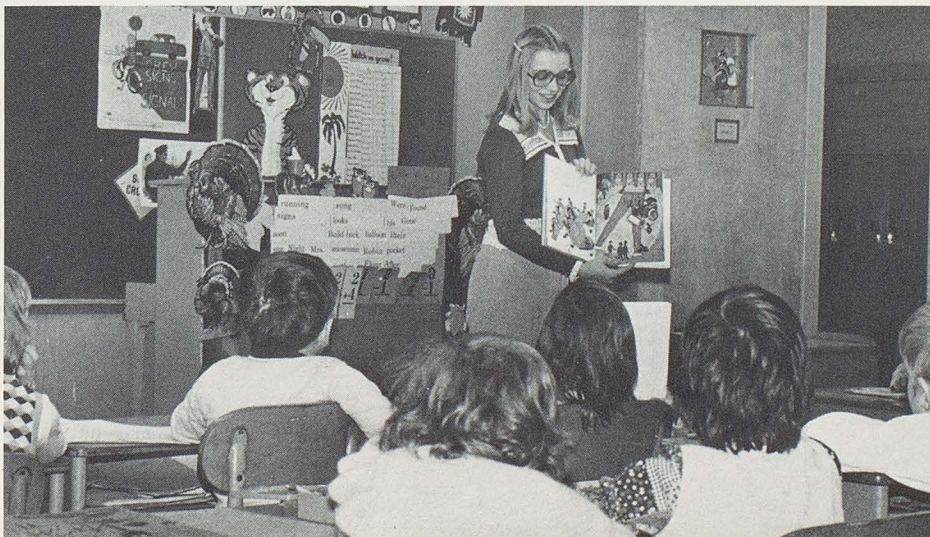

The FTA under its advisor Mrs. Arcangeli has been helpful to many students interested in teaching. Each member has had the opportunity to be a cadet teacher in Irving school and find out what teaching is really like.

Guest speakers have shown students what is involved in different types of teaching. Miss Weyand talked about areas dealing in speech.

Other activities of the club were a tour of BOCES and Christmas caroling.

With a Little Help

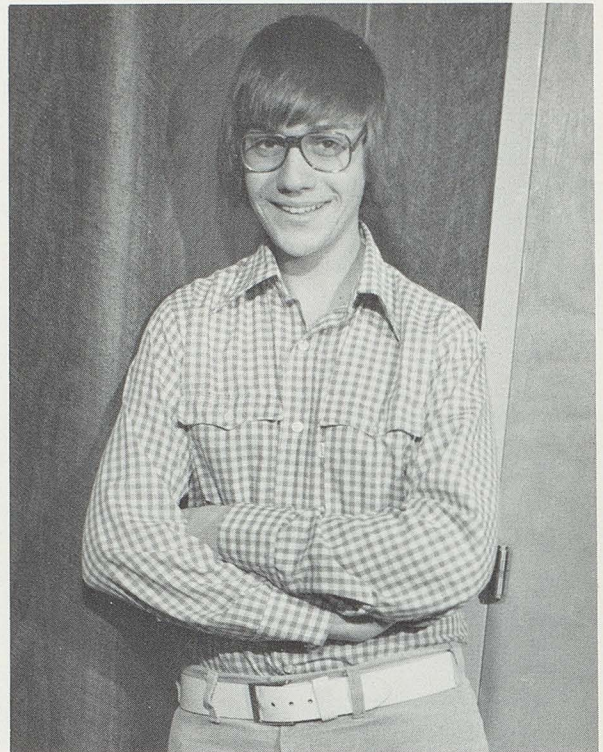

From My Friends

The Yearbook Editors were faced with a job that was extremely difficult and complicated, but greatly rewarding. The problem of combining a full school year into one book is highly intriguing. At least this is how the editors felt in the beginning. However, after the fascination died off we found we were confronted with more work than we had imagined.

When we had our first meeting early in the summer, the ideas that flowed from our minds were unlimited. However, we had to sort the good from the bad, and compromise on some, to agree on the foundation of the book. After several meetings we heaved a sigh of relief as our preliminary problems had been solved.

However, our relief was short-lived as our work really began with the beginning of the school year. There were pictures to be taken, layouts to be drawn, copy to be written, and business to be done. Of course, the ever present deadlines kept us on our toes, but the work never would have been completed without the help of our staff. We are deeply indebted to their devotion, and they are as much a part of the '77 Maple Leaf as the editors.

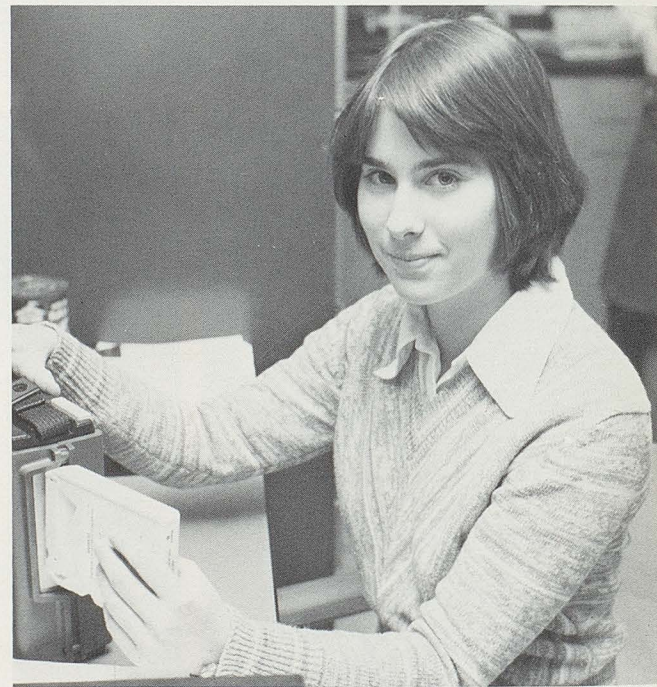

In completing this years' edition of the Maple Leaf the editors feel we have created the most innovative yearbook. We hope our new approach to some old traditional aspects has created a yearbook that the student body will welcome and treasure for many years to come.

Concessionaries

Special thanks from the yearbook editors to the students who helped so faithfully to run the concession stand. In so doing they helped keep the price of the Maple Leaf as it was. Also, special thanks should go to Mrs. Richard Berry, Mr. and Mrs. William Bennett, Mrs. Charles Purce, Mrs. James Dagon, Mr. and Mrs. Lloyd Jamison, Mrs. Chester Aultman, Mr. and Mrs. William Schu who all contributed their time to making the stand a success.

YOUR STUDENTS CAN ENLIST IN THE ARMY AND START COLLEGE AT THE SAME TIME

Over 1000 colleges and the Army have an educational plan called Project AHEAD (Army Help for Education and Development). It's a way for your students to enlist in the Army and start their college education at the same time.

Through project AHEAD, qualified students choose the participating school they'd like to graduate from before enlisting.

Then no matter where they study while in the Army, they'll take courses taught by accredited colleges right on post, with the Army paying up to 75% of the tuition, and fees for approved courses.

If you're interested in finding out more about Project AHEAD and other opportunities in today's Army, call me.

The Hornell Spirit—believe in it.

What is the Hornell Spirit? To the staff of the Maple Leaf the Hornell Spirit is many things. It is community involvement, it is improvement in one's own life, it is progress both as a city and as a school, it is pride in our city and our school. These are but a few examples of the Hornell Spirit.

The Maple Leaf staff has tried to show by use of pictures, and uniqueness in make-up of the book that the Spirit lives in Hornell regardless of the times. We have tried to make this yearbook more than just a photograph album; to produce a book that you can look at years from now and remember the years 1976-1977 and the Spirit of the class.
