

**1983...The Future Is Ours**

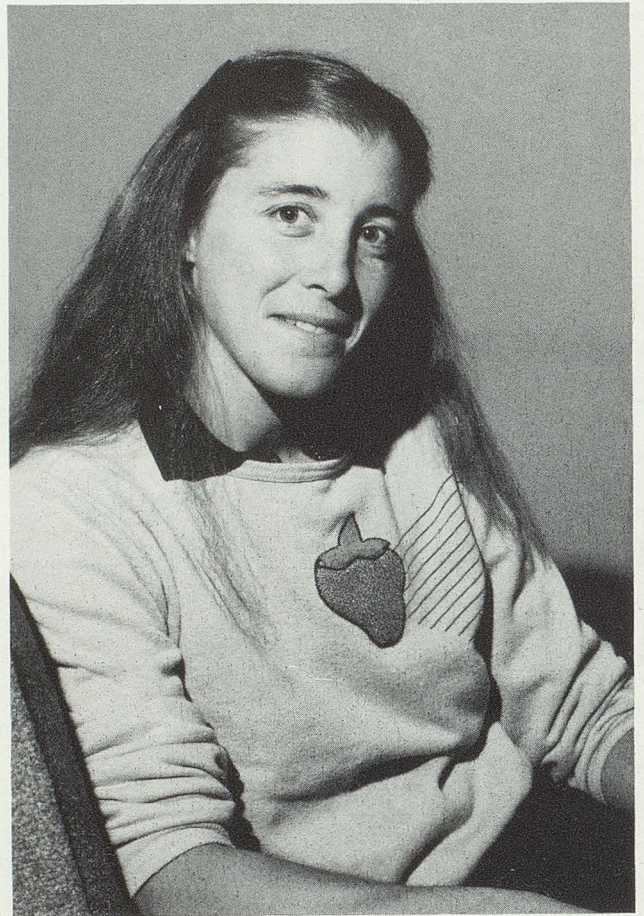

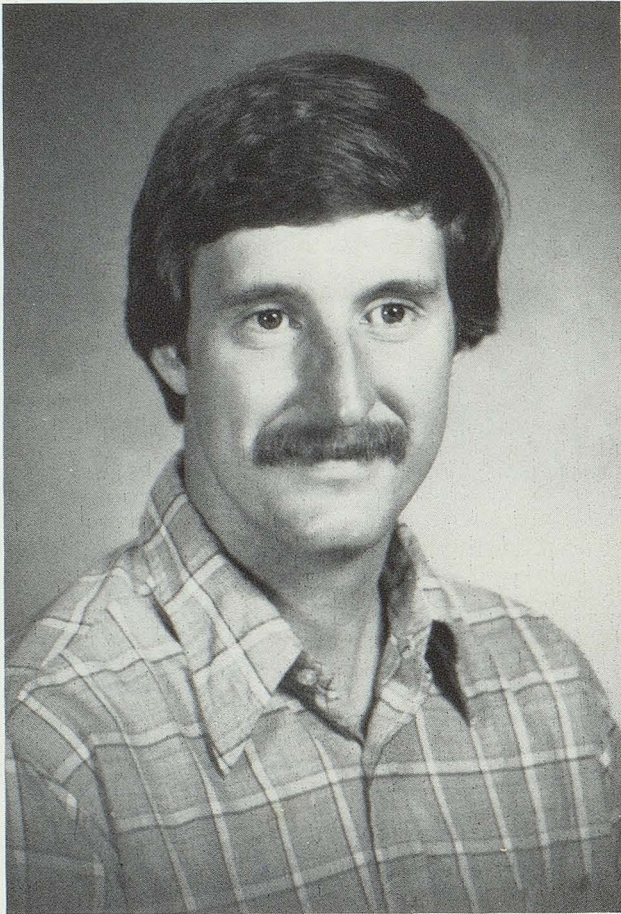

*My will shall shape my future,  
Whether I fail or succeed shall be  
No man's doing but my own,  
I am the force; I can clear  
Any obstacle before me, or  
I can be lost in the maze,  
My choice; my responsibility;  
Win or lose  
Only I hold the key to my  
Destiny*

## Graduation Day

Today we'll start a new life  
And we'll say our last goodbyes  
To all the friends we've grown to love  
With whom we've laughed and cried.  
Remembering the fun and laughter,  
The problems and the fears,  
And watching all our memories grow  
Throughout our high school years.  
The memories of the dances  
And the new friends that we've met,  
Vacations, teachers, talking  
And exams we'd rather forget.  
Yes, high school days are precious but brief,  
Where all your dreams come true;  
It is not the end, but the beginning  
Of a life, we'll start anew

Exchange Students

I spent the summer of 1982 as a foreign exchange student in Egypt. I spent most of the summer in Cairo, the capital of Egypt. I stayed with the Farag family which consisted of my father, Dr. Mahmoud Farag; my mother, Penelope; my brother, Sherif, and my sister, Sophia.

Cairo is very different from Hornell. It has a population of 10 million people. During the summer the temperature in Cairo often reach 105 degrees F. Several times during my stay in Cairo the Farags took me to the famous Pyramids of Giza which were just a 15 minute drive from our apartment.

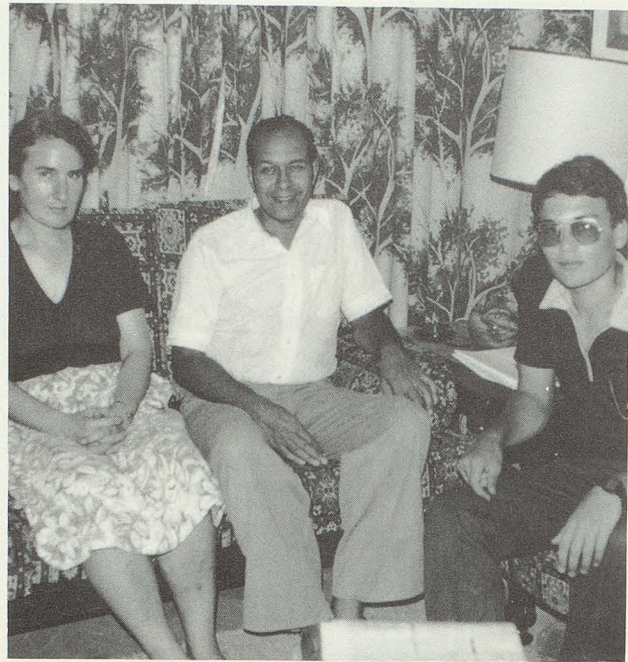

My family also took me on several trips throughout Egypt. We visited Luxor where I saw the tomb of Tutankhamun in the Valley of the Kings. I also visited the High Dam and the Temple of Philae in Aswan. The Farags took me to Alexandria to spend my last week on the Mediterranean coast.

My AFS experience was very exciting and rewarding one. I have many fond memories of the Farag family and of Egypt. I hope that someday I can see my Egyptian family and friends again. I would like to thank the AFS for giving me such a unforgettable, once in a lifetime experience.

Setting off for America

It was a June morning when I finally learned that I was coming to Hornell, New York. In less than a month I was actually on American soil. I spent four days on Long Island at C.W. Post University with AFSers from all over the world. Then after an eight hour bus trip I was finally in Hornell.

Hornell is smaller than my home town in England, but this makes a pleasant change. I found the people very friendly and welcoming, and they immediately made me feel at home.

This year has taught me much about myself and about others. It has given me a great chance to experience a completely different culture and way of life, and I am sure this experience has matured me greatly.

I would like to thank AFS, the people of Hornell, and of course the Mozzars, my wonderful host family, without whom my year would not have been the success it has been.

# On Broadway

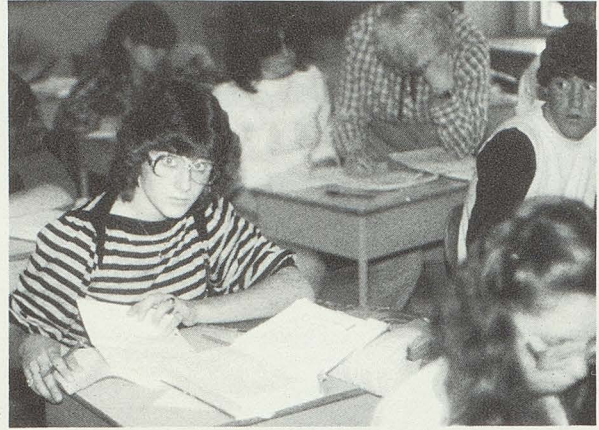

On May 7 and May 9 the Hornell Choir performed "On Broadway". The presentation was a compilation of highlights from the Broadway hits Annie, The Wizzard of Oz, Grease, the Fantasticks, West Side Story, Evita, and A Chorus Line. Segments of the performance were also done for a high school assembly, which met with much enthusiasm.

*The 1983 Maple Leaf Yearbook was created with the specific theme "The Future Is Ours", as we the seniors of '83 represent the start of a new century of Hornell High School graduates. The staff designed the cover, viewing our future years as a new and hopefully successful horizon in our lives. We've also tried to capture the spirit of this year's graduating class, who have clearly shown pride and given support in all school functions. You can't return to your past, but use this yearbook for memories and remember . . .*
